COMMENTS ON SPORTS

BASEBALL

By Pete Fritchie

Washington, D. C.- This is how the National League race will come out in 1960. We thought readers would like to know some six months in advance!

The New York Giants will get off to a rather good start, especially after the first two weeks, and take the lead. The Milwaukee Braves will start reasonably well, as will Brooklyn. (The Giants and Dodgers, of course, are in new home towns.) Pittsburgh which was a contender last year for much of the distance, will get off only to an average start. Chicago will be stronger than some expected. The Phillies and Reds will not be immednate contenders although the Reds will play creditable ball under Freddie Hotchinson.

By July 4th, the Giants will have a four-game lead, with Brooklyn beginning to set for the Giants — just as they proved to be sparrers for the Giants in 1959. The Milwaukee Braves will be hot in July.

As a result, on August 1, it will be between New York, Milwaukee and, Brooklyn. Milwaukee's "old pros" will continue to bear the brunt of the burden, and Warren Spahn will still be winning the key games, with help from Lew Burdette and several of Milwaukee's younger burners.

By September 1st, Milwaukee will be in the lead by one or two games. New York will be second, with Brooklyn close behind. The Cubs will have faltered in August.

The Cardinals, although playing good in spells, will not be in it in 1960. By mid - September, it will still be nip and tuck between Milwaukee and New York. In the last two weeks of September the Giants will come through and win the pennant over Brooklyn and Milwaukee by two or three games only.

This is our estimate!

Mr. and Mrs. E. L. Chick spent Sunday at Appomattox with their son-in-law and daughter, Mr. and Mrs. Henry Beard. We want to wish Lawrence Beard a happy birthday on next Friday, April 8. Hope he will have lots more!

Mr. and Mrs. Lester Carson visited with her home folks last Sunday night. Mr. and Mrs. Thomas B. Davidson and Joy, and Mr. Jessie Davidson.

Mrs. Marvin Taylor spent the week-end in North Carolina, with her hoem folks.

Mr. and Mrs. Taylor Coleman had both of their children home last week-end. Sid will soon leave for California, and be gone for sometime.

Miss Laura Carson, of Longwood College, Farmville, spent the week-end with her parents, Mr. and Mrs. C. E. Carson.

Mr. and Mrs. Bobbie Gunter and family, of Norfolk, spent last week end with Mr. and Mrs. Martin Kraus and Mrs. S. E. Anderson.

Mr. Jessie Davidson and Miss Joy Davidson visited Mr. and Mrs. Lester Carson yesterday.

NEW TYPE HOUSE PAINT MAKES DEBUT HERE

A new house paint that promises "to make exterior painting as easy as interior painting," will be introduced in Appomattox this week.

This was announced today by Clarence Poe, manager and owner of Poe Hardware Co., Appomattox, Va. Name of the new product is Sherwin - Williams A-100 Latex house paint.

Terming the new paint :a major break-through in paint progress," Poe pointed out that it can be used on practically every type of exterior service.

"Wood siding, wooden shakes and shingles, stucco, masonry, and asbestoc siding and shingles can all be covered with a durable, waterproof film," he said. "This means that owners of homes built of a variety of construction materials can now be sure of excellent results without using a variety of paints.

"What's more," Poe added, "the new paint brushes on as smoothly and easily as familiar interior paints; dries in a matter of minutes; and painting tools can be cleaned up with water."

Particularly interesting, the local businessman believes, is the paint's built-in water vapor transmission.

"This minimizes troublesome blistering that so often leads to peeling and flaking," he explained. "To clarify the whole problem of blistering and peeling we plan to make available to home owners a public service and illustrated booklet explaining in non-technical language just what blistering of paint is all about."

Thirty-one colors and white will be offered. These range from subtle pastels to such sophisticated shades as Deedsin and Tahiti Coral, and unusual tones like Neutra, Pewter, and Oxford Gray.

The new product will be available at Poe Hardware Co., in Appomattox.
